FRIDAY NOVEMBER 14, 1941

NUMBER 30

High Priests Social Last Monday Night

Under the direction of Chairman T. O. King of the Miscellaneous Committee of the High Priests Quorum of the Stake, a very successful social of High Priests and their partners was held in the Stake House Monday night. Members of the Miscellaneous Committee of both Raymond wards assisted, & nearly 150 people from all wards of the Stake were in attendance.

Elder T. O. King welcomed the crowd and announced the program consisting of numbers by Mrs. John Allen, who gave a reading; Mrs. A. F. Bullock who gave a reading in negro dialect; Piano solo by Mrs. Maybell Anderson; Vocal duett by Mrs. Wilford Brandley and daughter; Violin Solo by Bishop A. D. Erickson of Stirling, and remarks by President T. Geo Wood, Heber F. Allen, J. W. Evans and others.

A lovely banquet followed the program, supervised and served by Mrs. J. W. Evans and her committee. Nine tables were spread and here those present were grouped in families, the father and mother sitting with their families. After all had enjoyed the meal, dancing was enjoyed until midnight, nearly everyone present taking part. The social was one of the outstanding achievements of the Miscellaneous Committee and all present were high in their praise of the successful evening.

Mr. and Mrs. Murray Holt and family of Raymond were Sunday visitors at the George Thomson home.

Shirley King has a cast rehearsing a three act melodrama that is full of the things every one enjoys in a show. Watch for details.

Jas. E. Anderson made a hurried trip to Edmonton over the week-end to visit his mother who is in poor health. He left Friday evening and returned Sunday evening.

DOUBLE WEDDING IN GARNER FAMILY

A double wedding was solemnized at the Alberta Temple on Thursday when Thora and Reva, daughters of Mr. and Mrs. A. J. Garner were married, the former to Claude Adamson of Stirling, and the latter to Bruce Heggie of Raymond.

The ceremonies were performed by President Wood in the presence of the parents and friends of the happy young couples, who joined after the ceremony in extending best wishes to them for a long and happy married life.

A family supper was held Thursday night in the 2nd Ward Church where over 100 sat down to a delicious supper prepared during the day, and here, while a program was being carried out the crowd enjoyed themselves in feasting and conversation, and the banquet was followed by a dance.

The two girls have been popular members of the younger set of Raymond for a number of years, and the boys are farmers and will make their homes in the district. With their many friends we extend our congratulations, and very best wishes for a long and happy married life.

GRANDMOTHER HANCOCK HONORED

Mrs. Zilpha Curtis 'Grandma' Hancock passed her 90th milestone Thursday, Nov. 13th, and her children and descendants honored her at her home on occasion, the afternoon being spent in friends and relatives calling and offering congratulations, and the evening in an informal program and get together. A most enjoyable day is reported and Mrs. Hancock despite her age, is still keen and interested in what goes on and enjoys every day.

She has seen great changes in her 90 years, and here is a little of her history. She was born in Payson, Utah, in 1851, and in 1871 was married to Charles Hancock, and with her husband and young family, came to Canada in 1903. Her husband died in 1912 after doing his part to pioneer this district.

Mrs. Hancock has 5 living children, 23 grandchildren and 47 great grandchildren. In 1939 she made the trip from Raymond to Eden, Arizona, to visit a sister 4 years older than she is. We extend our congratulations to Mrs. Hancock.

Buy War Savings Certificates.

Unemployment Insurance Commission

Insured workers who lose their employment will not be required to accept any position which may be offered, Mr. W. E. McCutcheon, Manager of the Employment and Claims Office, Unemployment Insurance Commission for Lethbridge and district said in an interview today.

It is a common misconception among workers that they must accept any position offered, and if such position is refused that they will be deprived of their rights to the payment of benefits during the time they are out of work.

The Act very definitely protects the workers against any attempt to force him to accept employment at a low standard of wages, or if the working conditions are less favorable than those recognized by good employers, or if vacancies are due to a labor dispute. He is also under no compulsion to accept employment which requires him to become a member of any association, organization or union of workers, or, on the other hand, which requires him to refrain from becoming a member.

The Act provides, furthermore, that a man whose claim for benefit payment has been disallowed, may appeal to a Board of Referees made up of an equal number of representatives of employers and employees.

Even if the Board of Referees disallow the claim, there is a further right given the worker that he may appeal to the Umpire.

The Act also states that the worker must be "capable of work". There is a very essential difference between Unemployment Insurance and Health Insurance, and benefits cannot be paid from the Unemployment Insurance Fund if a worker is incapacitated through sickness.

We Go to School for a Day

On Friday, at the invitation of the District Officer Commanding District No. 13, Brigadier P.M.W. Harvey, we spent the day in listening to the Officers of Headquarters staff deal with various phases of recruiting, administration, pay, specialized training, correspondence courses for completing educational courses, etc. In the afternoon we were taken into the Training Schools at Victoria Park where carpentry, tin-smithing, welding, mechanics and machinists courses were all being taught by specialized instructors. We visited the rifle ranges at Sarcee and looked on as rifles, Bren guns, and Bren guns mounted on Universal carriers were used to shoot balloons out of the air each balloon representing a parachute soldier or a bomber of the enemy forces. As the balloons were riddled with fire, we were glad that we were watching from the ground as our part, and not a part of the target.

From Sarcee we went to Currie Barracks, where we watched a heavy gun barrage preceding a bayonet attack, as the boys charged 300 yards, firing as they advanced and bayoneting the enemy who blocked their advance. Then we watched the throwing of hand grenades, also the use of the rifle grenade. After this we visited the parade ground and inspected the carriers, field guns, blitz buggies, motor transport, ambulances, and so on lined up neatly.

From here we visited the auditorium, newly completed and inspected the kit of the soldiers.

the Bren and Tommy gun knocked down, the three inch trench mortar and other pieces of equipment used by the various arms of the service. From here we went to the Mess Hut and suppered with the troops at their evening meal. We had a fine meal, well cooked and well served, consisting of sausages and mashed potatoes with plenty of gravy, pickled beets, cauliflower, all the bread and butter one could eat and a fine dessert of apple pie and cheese.

Then we had a two and a half hour meeting where army life, methods of recruiting, pay for men in training and for dependents, and hundreds of other questions were freely aired and the Director of Civilian Recruiting Col. John Mess should have had a real good story to take back to Ottawa for the officials at National Defence Headquarters.

This is a brief summary of the day's program. The newspapermen and ex-service men were well impressed with the fine job the staff of the D.O.C. is doing in organizing and carrying on the work, and also of the valuable training the men are receiving in trades and profession for use during and after the war. In future numbers of the Recorder, we shall enlarge quite extensively on some of the most important points of our visit, and what we think are real opportunities for the young men of the country to serve their country and at the same time to help themselves to lifelong usefulness and success.

Big Beet Pay Last Friday

The biggest beet pay in the history of the industry in Southern Alberta, went into the mails last week-end, when cheques totaling \$1,396,000 went into the mails to the more than 1,200 growers who have been on contract with the Company. This represented an initial payment of \$6.00 per ton, on all beets delivered up to October 20th, and represented considerable more than two-thirds of the crop, as the good weather which had preceded this date permitted many of the farmers to be finished, and many others nearly finished at that time. The payment for the balance of the crop on the \$6.00 basis will be made early in December. The initial price was raised from the contract of \$5.50 to \$6.00 because of the higher price of sugar which will result in a correspondingly higher price per ton to the growers.

The week-end saw the settlement of many bills as growers were paying off their machine bills, water rates, taxes and so on, and the laborers in turn, many of whom have farms of their own, were paying off store bills, water rights, taxes and so on. It meant the circulation of a big sum of money. However, from this large amount deduc-

tions were made for seed, fertilizer, planting, weevorn spray, advances and so on, made by the Factory through the months so that the total was depleted according to what these items represented. Even so, it was a big pay day.

The fine weather which followed the month of unsettled weather in September, enabled growers to get all the beets up without any storm to speak of, and all the beet dumps had been closed down by the first of the week, and shovels were biting into the siloed piles at Barnwell and Reliance, moving them into the yards either here or at Picture Butte before the first of this month. Both factories are humming along nicely now, and the local mill is slicing its 1,400 tons per day of its part of the nearly 300,000 tons to be sliced from the present year's crop. The campaign will last until about the first of the year.

The first storm for two months came in a light bluster Wednesday, which lasted for about three or four hours, following a high wind Tuesday and an overcast sky Wednesday morning. The snow fell without warning, about 10:30 and continued until the middle of the afternoon. This storm will likely mean the start of feeding

Successful Observance Of Armistice Day

NEWS NOTES

H.C. Jacobs and W.H. Spackman of Stirling were Raymond visitors Monday.

There are a few cases of flu around the town. They seem to be light attacks but their victims are feeling quite miserable.

There ought to be a sale on Storm windows. The season is getting well along and no call for them yet.

There was a High School Dance in the High School gym Saturday night. A very good time is reported by those attending.

Mrs. Bill Zobel and two children spent a few days last week visiting her parents Mr. and Mrs. Ted Gourley in Picture Butte.

It's time you were coming in for your Christmas Cards. We have a nice stock of cards, priced as low as 25c. per dozen, and the values can't be duplicated anywhere. Come in, today.—The Recorder.

J. W. Evans and Frank Taylor were at the Auction Sale on Monday. We don't know whether they went to buy horses or for the free lunch, but they were there.

A large crowd was at the Kirkaldy Ranch Monday for the Auction Sale there of 254 head of light and heavy horses, which were put on the block to reduce the Ray Knight herd. According to reports everything that was offered, was sold, a few of the choice ones being kept for use at home. Pete LaValley was auctioneer.

At the Independent Convention held Wednesday in Warner, J. W. Evans and O. H. Snow resigned as President and Secretary of the Constituency organization and Warner and Milk River men were elected. Jas. H. Walker, M.L.A. and Independent House Leader was the chief speaker at the Convention.

L. Bliss Roberts was in Winnipeg, Man., last week as delegate at the U.G.C. Convention held there. Mrs. Roberts and Mrs. W. G. Meeks accompanied him. Mrs. Roberts said it was cold and cloudy all the time, they were there, and it surely seemed good to see the sun at Regina on their way home and to find the lovely summer weather here.

Gerald Palmer is listed as missing since the seaplane he was in enroute to Vancouver disappeared more than a week ago. His parents and relatives and friends, are hoping that the crew of the plane will be found safe. It is believed that the plane came down between Vancouver and Victoria and because of the mild climate and cause of the mild climate and the islands along the way, transport officials still feel the crew may be found alive and well.

in the feed lots, and as days come from now on, wagons and trucks at the pulp silo will increase in number until as is often seen, as many as fifty outfits are waiting to get loaded for the days stock feed.

This was what one official said of the observance on Tuesday of Armistice Day in Raymond. From the Poppy Sale on Saturday, until the dance Tuesday evening, everything worked smoothly and successfully.

Boy Scouts of both Raymond wards were on the streets Saturday, and when they didn't catch people on the streets, they went into the shops and offices after them so that the Poppy Sale for the day netted the Legion \$61.80, the largest return ever from this enterprise. The Legion thanks everyone for this fine boost.

At 11 a.m. Tuesday morning a small crowd gathered at the Cenotaph where a short service was held, prayer being offered by the Chaplain O. H. Snow "Taps" sounded by Paul Redd and the wreath placed by Mrs. Jamieson, a widow with three sons in the service. Then the crowd moved to the 2nd Ward Church and listened among other things, to a very interesting review of the present war from its start to the present by Jas. H. Walker M.L.A.

At 6 p.m. at night the Annual Legion banquet was held in the Club Cafe, and 29 men, representing 100 p.c. attendance sat down to the dinner and the Annual meeting held in conjunction with the banquet. A review of the year's work showed a busy and successful year, and the President, E. H. Wagstaff, who despite physical handicaps has carried on so successfully was highly complimented by the meeting for the success of the organization during the past year. There was no re-election of officers as a unanimous motion a year ago put the present officers in for the duration.

Following the meeting a Dance was held in the Opera House, and here to the music of Smerlek's Royal Albertans, a large and happy crowd danced away the hours until time to go home. The decoration committee had decorated in patriotic colors and used the "V" for Victory as a motif, and the huge V which hung down the sides of the stage, and coming to the centre of the stage floor was a real work of art and was the source of a great deal of favorable comment from the crowd. Legion officials and members made a real day of Armistice, and we with Raymond, congratulate them.

PSYCHOLOGY CLUB ELECTS OFFICERS

The child Psychology Club met last Thursday at the home of Mrs. J. O. Hicken in their usual meeting. The lesson on "Personality" was given by Mrs. John L. Allen, and afterwards officers for the coming year were elected.

The retiring executive are Pres.—Mrs. W.L. Jones, Vice.—Mrs. Howard Rasmussen and Secretary—Mrs. G. J. Gibb. These ladies were given a vote of thanks for their efficient work during the past year.

The new officials are: Pres.—Mrs. Maurice Holt; Vice.—Mrs. Wilson Rolfsen and Secretary—Mrs. Athol M. Cooper. A most successful afternoon was enjoyed and the hostess assisted by Mrs. J. L. Gibb served refreshments at the conclusion of the meeting.

YOUNG MEN! AN OPPORTUNITY CALLS

Young Canada, your country needs you. If you are not engaged in primary production or industry, in work that cannot be taken care of by older men or even women, then you should be in the uniform of Your King and Country. We are at war, and every day and every week brings that war nearer home to each one of us. What are we doing to prepare for it? When the rattler strikes, Canada should be ready for it. Canada can only be ready by having divisions of well trained and specialized men to meet the panzer divisions, the armored brigades and the air squadrons of the Axis. Canada can only have these defensive units when her young men volunteer for service and prepare to operate the planes, bombers, torpedoes, Ack Ack guns, Bren guns, grenades and various other defensive equipment with which today's forces are provided.

Canada asks for your services but all she can do is ask. She asks that you be as near physically perfect as possible that you can stand the strenuous training and technical instruction pro-

vided. In return Canada will pay you wages, provide for your dependents, offer the opportunity of specialized training in the trades and professions; give you the opportunity of taking up new courses or completing partly covered ones in High School and academic subjects, furnishes clothing, food and shelter, medical and dental care; and after it is all over, provides a rehabilitation allowance, payment or bonus, whichever you like, until the returned men are again taken into civilian positions.

There was a day when army life was rough, tough, and to a certain extent unprofitable. Today, this is all changed. A young man entering the army today, can serve his country well, learn a trade or profession, carry on correspondence work in school and academic subjects, and leave the service of his country having grown mentally, physically, and being better equipped in every way to meet the battle of life than when he went in.

Young Canada, while you can choose your branch of the service, and while opportunity is knocking, while you can serve your glorious country so well, ENLIST for active service and do your bit to maintain the freedom for which your fathers and brothers fought and died. THE NEED IS GREAT. ACT TODAY. We will be glad to help you with any information we can give.

Officer Murray of the R.C.M.P. at Lethbridge, was in Raymond Wednesday on his regular visit.

NEWS NOTES

Don't forget the Carnival and Funfest Nov. 26 and 27th.

Catholic paper, Counter Check Books, Receipt Books, large or small. —The Recorder.

A Married Folks dance is being held in the First Ward Social Hall tonight. We understand this is a Budget affair for both Raymond wards.

Albert Green reports that his turkey hens are laying. Even the animals are getting fooled, or are they? Maybe they're not maybe it's us after all looking for some winter that isn't coming.

Gen. Chas. Huntzinger, Victory's War Minister was burned to death in a plane crash in the south of France Wednesday. Seven others perished with him as the plane was gutted by fire. This is expected to intensify the unpleasant relations now existing between France and Germany.

You'll live an Emotional Lifetime when you see "HOLD BACK THE DAWN!" All the power of a great love story, all the genius of three great stars, combine in one of the finest pictures in many years. Be sure and see this wonderful picture playing tonight and Saturday at the Capitol.

J. Harris Walker is still in the limelight in athletics. At a Track and Field Meet at McGill University recently, Harris won the championship of the meet from a college attendance of more than 3,000 men. Congratulations Harris, Raymond is with you 100 p.c.

Mr. and Mrs. Douglas Paxman was hostess Sunday evening at a family party honoring her husband whose birthday was on November 5th, and the Allred twins Milford and Marlin with their children and grandchildren. The twins birthday was Sunday November 2nd. After the dinner the time was spent in games and conversation.

NEWS NOTES

The third alley in the 'Centre' was commissioned and put into service the end of the week, and the evenings see quite a number on the alleys for their reducing exercises.

We have a fine assortment of Christmas Cards in stock at a great variety of prices. Call in and see them. We are sure you will find just what you want. —The Recorder.

When you buy, buy the best. In typewriters, that is Remington. Remington holds the record for long life and lasting satisfaction. The best is the cheapest. Let us talk typewriter with you.

Wm. A. Anderson left for Edmonton Thursday morning when he was called there to organize for the winter's classes in the Youth Training Schools. He didn't expect to start this work until the middle of this month.

On Tuesday, their Majesties the King and Queen received the Canadian M.P.'s now on a visit to England, gathering first hand information respecting the prosecution of the war. In the group is John H. Blackmore, Lethbridge member which includes Raymond.

Mr. and Mrs. Geo. Court received word Monday of the birth in Murray, Utah, of 9 lb. baby boy to Mr. and Mrs. Watson Laferty. This makes George's eighth great-grand child, and to George and the new comer and his parents, we extend our congratulations. The baby arrived on November 4th.

Mr. and Mrs. L. H. Jacobs were in Lethbridge Thursday evening to bid good-bye to Don Merrill, former Raymond man who entrained that night for Brandon, Man., where he was called up for service in Physical Instructor in the Air Force. Don signed up for service at the first of the year and just now received his call. Mrs. Merrill and Mrs. Jacobs are sisters.

A number of local people were present Saturday afternoon last for the opening of the Bombing and Gunnery School in Lethbridge, and after the opening were shown around the school, inspecting the guns, kitchens, sleeping accommodations and other things that go to make up the life of the airman in training. About 700 men are at Lethbridge now and more are coming daily for their final training at this second largest Bombing School in the Dominion. A note of local interest in the Lethbridge School is the fact that Sgt. Eldon Peterson, son of Mr. and Mrs. N. W. Peterson of Welling is an instructor there.

grow sweet corn at Edmonton. Now, by the use of extra early varieties, sweet corn is grown in the gardens flanking the Peace River. Moreover, sweet corn has become a very important commercial crop in Southern Alberta. It is used extensively as a market garden crop at Lethbridge, Barnwell, Taber and Medicine Hat. Roughly 2200 acres of it were used also for canning purposes at Taber in 1941. Many such facts are found in the bulletin. A striking fact is that sweet corn is ready for use at Edmonton about three weeks later than at Taber. This is due, not so much to the fact that the average summer temperatures are higher and more prolonged at Taber.

The bulletin is one of the most complete publications of its kind. It contains much information for the home gardener, the commercial grower, the seed grower and also the student. Cultural methods for sweet corn are dealt with in detail from the time the seed is planted until the ears are picked for table use or for seed purposes. This includes time, distances and methods of planting, cultivation, irrigation, methods of picking, shipping, etc. Detailed information is given in regard to the proper methods of producing hybrid corn seed, registered seed, etc., and also how to handle the seed before and after it is harvested. The student will find this publication an invaluable asset because seldom is information regarding the botany, genetics, food value, etc., of corn found compiled together with detailed cultural facts.

The fact that the bulletin deals only and in considerable detail with sweet corn indicates that increasing emphasis is being placed on the role of vegetables as important commercial crops in Alberta. In other parts of Canada, where vegetables are considered only as home garden items, the writers usually deal with them in a general way and disregard details. It would therefore seem fortunate that the University of Alberta and its Department of Horticulture realize this fact and are prepared to encourage this phase of commercial agriculture.

The distribution of the new bulletin, "Sweet Corn in Alberta," is entirely in the hands of the Department of Extension, University of Alberta. A nominal charge of ten cents per copy is asked.

Mr. and Mrs. I. B. Roberts were the speakers at the 2nd Ward Sunday evening, and gave a very interesting report on the recent Semi-Annual Conference held in Salt Lake City. Special musical numbers were a vocal solo by Miss Joyce Dahl and a Quartette by the 2nd Ward M. I. A. Ladies quartette. A large crowd was present.

WEEKLY LETTER

A NEW BULLETIN ON GROWING SWEET CORN

A new bulletin, "Sweet Corn in Alberta," has just been published and is available for distribution primarily to residents of this province. The information it contains has been assembled and prepared particularly for the culture of sweet corn in Alberta. This would appear very timely because sweet corn is a popular vegetable particularly in that part of Alberta south of Calgary.

"Sweet Corn in Alberta" was published by the University of Alberta. The University bulletins are always of interest to this Station but this one is of special interest because the horticulturist at this Station has been named co-author. Hence a few comments in regard to the order.

The growing of sweet corn bulletin would seem to be in line with very definite progress in Alberta in the past ten or fifteen years. Not so very long ago Squaw corn a field variety was the principal kind used for table purposes. Its culture also was limited primarily to the southern parts of the province. However, through the efforts of plant breeders better varieties are now available and the corn belt is gradually moving further north. At one time it was considered impossible to

STABILIZATION OF PRICES AND WAGES

Your Country asks your loyal support of this Wartime Measure

TWO NEW CONTROLS have now become essential in Canada's wartime design for living. These are:

(1) Control of Prices

Commencing November 17, 1941, there may be no increase in the prices of goods and services generally unless absolutely necessary and authorized by the Wartime Prices and Trade Board.

(2) Control of Wages

No employer, with certain limited exceptions, may increase the basic wage rates paid to his employees unless authorized by a Board on which the Government, employers and employees are represented. But after February 15, 1942, every employer with the same exceptions, will be obliged to pay a cost of living bonus and to adjust this bonus every three months.

Action Necessary to Stop Inflation

This Government action has been taken to prevent the inflation we knew in the last war, and its subsequent depression, unemployment and suffering.

Every housewife knows that prices are rising, and rising prices, unless controlled, will make it more costly and difficult to finance the war. Rising prices, unchecked, will spread confusion in industry and trade; will hinder production and proper distribution of supplies; will make the cost of living rise more rapidly than wages and salaries; will lessen the value of savings; will result in hardship for almost everyone, and especially those with small incomes. And the result of uncontrolled inflation, after the war, when prices drop, will again be depression and unemployment. Prices cannot be controlled without control of wages. Excess profits are, and will continue to be, under rigid control.

Coverage of Wages Stabilization Order

The Order is applicable to the following employers:

- 1—Every employer normally subject to the Industrial Disputes Investigation Act.
- 2—Every employer engaged in the manufacture of munitions of war, or war supplies, or the construction of defence projects.

Whole-Hearted Support Required

Your Government knows that this policy, as it affects labour, industry, commerce, and agriculture, demands a degree of restriction to which Canadians are not accustomed, and is directly a wartime measure. It will need the whole-hearted support of everyone who has the well-being of his fellow citizens at heart. But by loyal co-operation, Canadians can have much more assurance that the fears, sense of insecurity, the suffering and profiteering which inflation always brings, will neither interfere now in the winning of this war, nor in the recovery and reconstruction of Canada and the Canadian way of living after the war is over.

Issued under the authority of
Hon. N. A. McLARTY,
Minister of Labour

NEWS NOTES

Mr. and Mrs. L. L. Harker and family spent the week-end with relatives and friends in Cardston and district.

Farmers from all over the south of the Province were in town Monday morning and were pointing their ears south to the Kirkaldy for the big Auction of horses held that.

Archie Terry, R. J. Webster and Harold Stevens have been busy the past week renovating the old portion and building a new room at the rear of the Jos. Kovrig store.

Mr. and Mrs. Bob Selby of Boundary Creek, spent the week-end at the home of Mr. and Mrs. Martin Alfred, parents of Mrs. Selby. On Monday evening Mr. and Mrs. Ross Baker entertained family at a chicken dinner, which was followed by an evening of games.

split wood, \$6.50 per cord. In-
quire at Recorder Office.

FOR QUICK SALE—Selmer
Bb Soprano Sax, in plush-lined
case, straight model. Act quick.
Ross R. May, Magrath.

NEWS NOTES

Mr. and Mrs. Phil Baker were
visitors in Calgary over the
week-end.

Mr. and Mrs. Earl Peterson
of Cardston were Raymond vis-
itors Monday when Earl brought
a load of gas to King Motors.

Mrs. O. H. Snow returned
over the week-end from an ex-
tended trip to the States where
she visited her daughter Mrs.
Alice Jensen in Nevada, and
relatives in Salt Lake City.

Tuesday was Armistice Day
and a school holiday as well as
a holiday for stores and offices
in town. Good weather prevailed
and the holiday was really en-
joyed by everyone.

King Motors have two new
Ford V8 trucks in this week,
both two ton models. This is
their allotment for November
under the quota system. We
understand that new car and
truck deliveries this year will
be on a percentage basis of last
year's cars and trucks and only
so many will be allowed each
dealer.

112th BATTERY IS NOW RECRUITING

An opportunity presents it-
self today for South Alberta
young men to join a very attrac-
tive branch of the Canadian ar-
my and continue to serve to-
gether for the duration of hos-
tilities wherever the fortunes of
war lead them.

In Lethbridge Major R. W.
Phipps is now recruiting for the
112th Light Anti-Aircraft Bat-
tery, Royal Canadian Artillery.
The officer commanding has im-
pressed himself on those who
have already met him as an out-
standing military leader. He
had already served in the Can-
adian army for many years—
two years as a gunner and six
years as a sergeant.

The battery is a unit of Can-
ada's Fourth Division and it is
authoritatively stated that it
will be in action before long.

Prospective recruits between
the ages of 18 and 45 years are
invited to report to the armories
at Lethbridge where daily
medical boards are being held.
There will be no delay in being
attested.

Majority of the Battery's per-
sonnel of eight officers and 275
other ranks will be South Alber-
tans and the unit is a most at-
tractive one to young men an-
xious to serve together.

Francis Selman and Bill Kin-
sey who are stationed at the
No. 2 Wireless School in Cal-
gary were home over the week-
end returning Sunday night in
order to report Monday morning.

WHAT RED CROSS DOES

The following is an extract
from a letter received by Mrs.
F. Stone, Dog Pound, Alberta,
from her brother M41466 N.B.
Vanduzee, Sr. Royal Canadian
Engineers, Fourth Field Co.,
Somewhere in England. Mrs.
Stone has been kind enough to
grant us permission to publish
same.

"You asked me what the Red
Cross was doing for us. They
don't do anything for the boys
until they take sick. Then they

THE RECORDER

give all they can in comforts and
it is quite a lot. But they do bet-
ter than that. In the places that
are badly bombed they help with
clothing, foodstuffs, hot drinks
in the night and things like
that. I'll just give you one little
incident that happened and be-
lieve me, I am for the Red
Cross from now on. If it will
help to raise money use it.

"I was up to London some
time ago. Of course I was up
for some fun and had it. Here
they take in the sidewalks a-
bout ten o'clock. I came in to
bed about eleven and before I
got undressed the alert went.
Of course like the rest I dove
into a shelter, curled up in a
corner and went to sleep. As I
had my sweater and overcoat
on, it wasn't to bad. Along a-
bout six bells, I crawled out and
rubbed the sleep out of my
eyes, cursed a little at having
to miss sleeping in a soft bed,
and started to hunt something
to eat. I walked about two
blocks when I saw a young wom-
an on the street with a child
about three and another about
a year old. They were in their
night clothes and nearly froz-
en. They had left their beds

and made for a back yard shel-
ter when a bomb hit their
house and it was no more. What
money she had was in the
house and she lost that. I wrap-
ped one kid in my sweater, the
other in my tunic, put my coat
on her and got them into a cafe
for breakfast and to warm them
up. We then rounded up a taxi
headed for the Red Cross which
was the only place open, and had
them fitted out with clothes
and they stayed there in a
warm place until the authorities
fixed them up. The Red Cross
had hundreds like that every
day. When I left she said, 'God
Bless you, Canadians and the
Red Cross.'

"They need help far worse
than we do so go at it although
we don't get any help until we
are sick. That happens every
time there is a raid. The gov-
ernment helps them all but like
all Government things they had
so much red tape to go through
and so many cases to handle in
a big raid that a lot of people
would suffer a lot more if it
wasn't for the Red Cross."
